

[Air Freight vs. Ocean Freight From China to the US](#)

Experience the Swiftest and Most Cost-Effective [Shipping Solutions](#): Express, Air & Sea Freight from China to USA

Air freight is faster but more expensive for shipping from China to the US, while ocean freight is slower but more cost-effective. The choice between air and ocean freight depends on the urgency of the shipment and the customer's budget.

SWWLS [air-shipment](#) has been focused on shipping from China to Australia since 2005. We can help you ship products from anywhere in China to the USA. As a leading freight forwarder, we have expertise in local customs clearance, tax laws, and regulations. By combining resources from air and sea shipping carriers and destination agents, we can deliver your cargo to your preferred destination in the USA efficiently, securely, and cost-effectively.

[SWWLS](#) Freight is a prominent freight forwarder from China to US Amazon warehouses and private company addresses. You need not worry about paperwork and customs procedures; we will handle everything on your behalf. We understand all the logistics involved in shipping different goods from China to the US.

SWWLS freight forwarder offers multiple shipping options to meet all your demands, including fast [DDP](#) sea and air freight. Additionally, we provide express air freight services through FedEx, DHL, UPS, and TNT. Our door-to-door delivery service from China to the USA can take 1-5 working days for air freight and 5-10 for standard air freight. You can expect to receive your goods within 30 days for sea freight.

Contact us for your shipment from China to Australia, and let us streamline your import business from China, making it easier for you!

FCL Sea Freight Shipping from China to USA

FCL means that all the goods in a container belong to you, if the volume of goods is over 20CBM; it is better to use FCL. It will cut the shipping cost compared to LCL. Besides the good [ocean freight](#), Sunny Worldwide Logistics also can provide the best loading container solution.

- Competitive ocean freight from China to **USA** and anywhere you want.
- Guidance in using a 20 foot or 40 foot, based on the size and gross weight of your package.
- Guidance on how to load the goods in the container effectively to save space and money.
- Container loading supervision service.
- Guidance on how to reinforce the goods in the container.
- Provide door to door, door to port, port to port, and port to door service.
- We charge a reasonable local fee to shippers under the FOB term, in order to avoid complaints from them.
- Free warehouse service if you have several suppliers in China.

LCL Sea Freight Shipping from China to USA

If there is not enough goods to fill a whole 20 foot, we suggest shipping less than a container's capacity. Just pay attention to the following. Make sure your packaging keeps the shipping goods safe because you will be sharing container space with other shippers, and confirm the destination charge for LCL shipping before shipping the goods.

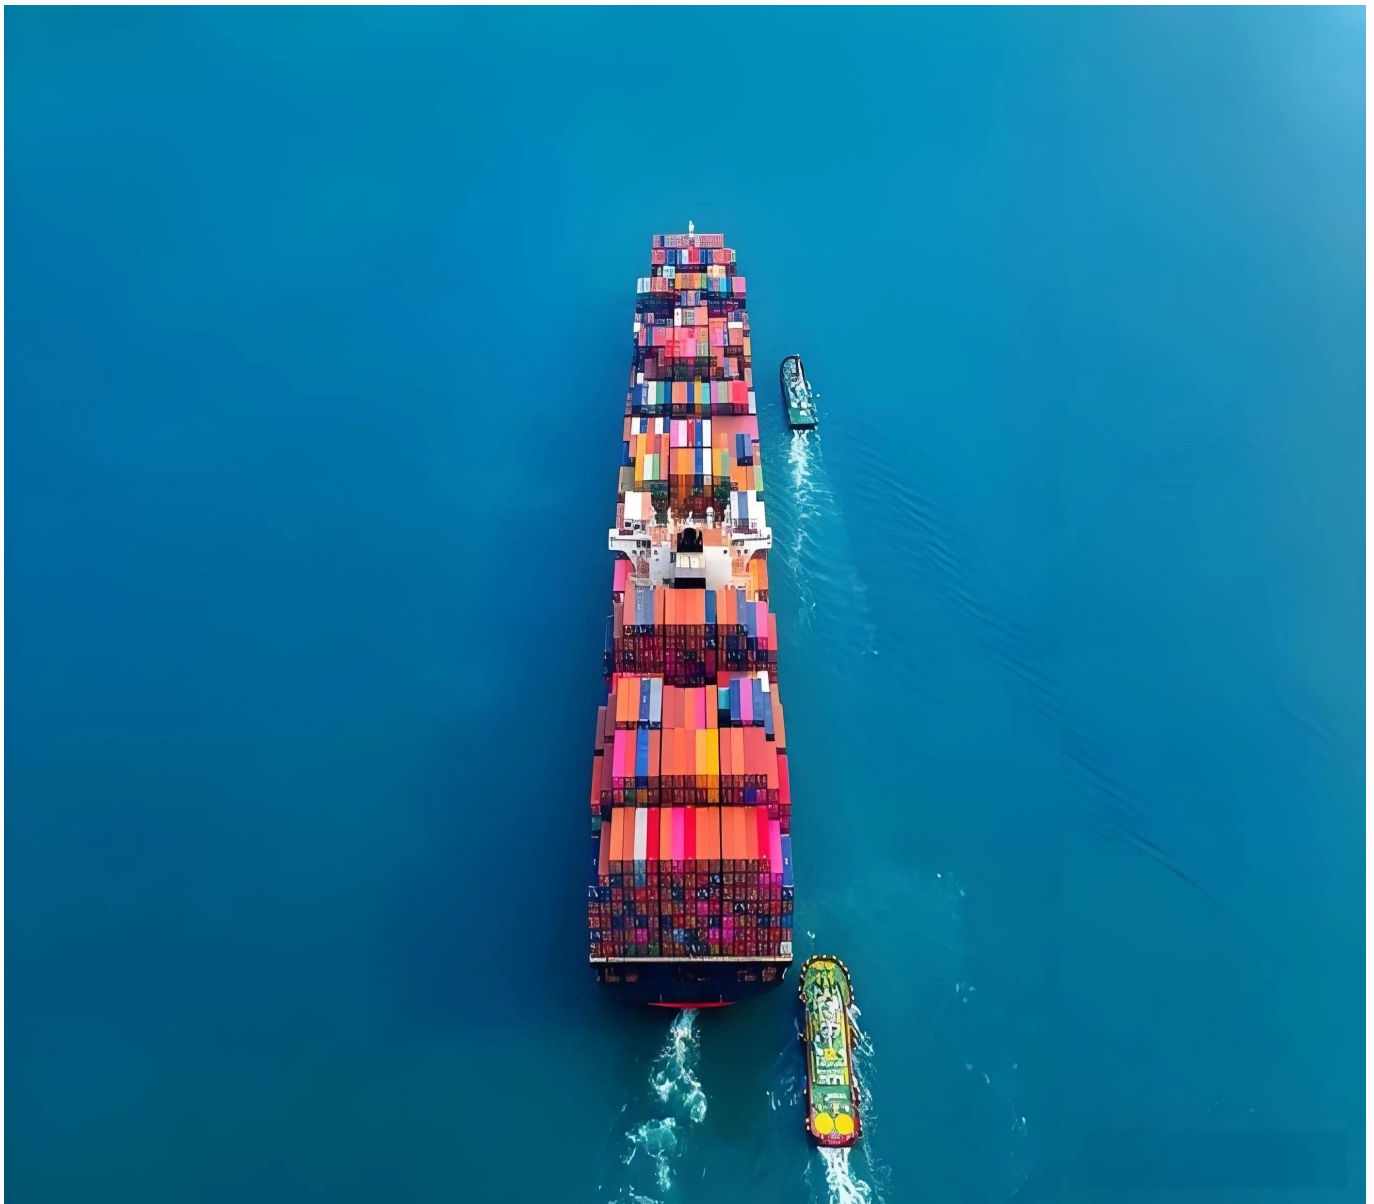

- Provide competitive ocean freight rates from China to **USA**.
- The destination charge is lower than the market price.
- We charge a reasonable local fee to shippers under the FOB term, in order to avoid complaints from them.
- Free warehouse service.
- Receive loading pictures anytime you need.
- Choose direct service from port to port to keep the goods safe.

BULK - Cargo Ship Sea Freight Shipping from China to USA

For some large size and overweight shipments, it is recommended to ship by bulk-cargo ship. We have plenty of experience in this type of service and we guarantee to bring the goods safely from China to **USA**.

- The best solution based on the shipping goods information.
- Competitive freight by bulk-cargo ship.
- Vast experience operating ground service at the bulk-cargo loading port.
- Loading supervision service.

About Us

FAQ: KNOW MORE+

Q: What services does your company provide in international logistics?

A: Our company offers a comprehensive range of international logistics services, including air freight, ocean freight, land-transportation, warehouse services and multimodal transportation. We cater to various shipping needs and ensure efficient and reliable delivery worldwide.

Q: What are the details of your warehousing services?

A: Our warehousing services encompass storage, inventory management, order fulfillment, and value added services. We have state of the art facilities equipped with advanced technology to ensure the security and efficiency of your goods.

Q: How are the logistics costs calculated? Are there any hidden fees?

A: Our pricing structure is transparent and based on factors such as weight, volume, destination, and mode of transport. We do not charge any hidden fees, and all costs will be clearly outlined in our quotes.

Q: How long does it typically take for transportation?

A: The transit time varies depending on the mode of transport and destination. We provide estimated times of arrival based on the specific route and service selected.

Q: How can I track the status of my shipment?

A: You can easily track your shipment through our online tracking system, which provides real time updates on the location and status of your goods.

Q: What items are prohibited or restricted for transportation?

A: We adhere to international regulations and guidelines regarding prohibited and restricted items. Please consult with us for specific information related to your shipment.

1.How much is the Shipping Cost from China to USA?

No matter whether you are choosing sea or air freight, there are some factors that will affect shipment costs, such as;

- *Goods Type*
- *Overall Size & Weight of Shipment*
- *Shipping Route Distance (the shorter, the cheaper)*
- *Peak Seasons (More Orders cause a rise in Shipping prices)*
- *Others like Custom Checkings, delays, natural disasters, etc.*

Below, we will discuss how much you will get charged in shipping through various methods, such as;

- a) Sea Freight Cost
- b) Air Freight Cost
- c) Express Courier Cost

• a) Sea Freight Cost

It is important to note that in sea freight, people always ship big goods, so the cost of shipment is usually based on volume or CBM (cubic meter) value, in the case of LCL.

In the case of FCL, you are not charged based on CBM because you are paying for the full container, and you can use all the space (CBM) inside it or leave it empty.

Check below the LCL sea freight dated 24-March-2024 from China to the USA for your information, pls also note that you need to take the documents fee and destination port fees into consideration too.

Sea freight rates from China to USA:

Port of Origin	Port of Destination	LCL (USD/CBM)	20'GP O/F(USD)	40'GP O/F(USD)	Transit Time
Shenzhen/Shanghai/Ningbo	Long beach	28-45	1500-2300	2500-3500	14-16 Days
	New York	25-60	2800-7200	3000-4800	29-35 Days
	Miami	40-65	3980-5500	5800-6500	29-35 Days
	Chicago	40-65	3300-5800	5000-7000	20-25 Days

b) Air Freight Cost

In the case of Air freight, the parcels are usually small, in which case, the cost is based on weight (kg). However, if your air parcels are light weighted, then volume weight also used as **chargeable weight** on Air shipping. You can see the chart below dated 24-March-2024 to get an idea about costs;

Air freight from China to USA per KG:

Port of Origin	Port of Destination	Weight	Price Range (USD)	Weight	Price (USD)	Weight	Price (USD)
Shenzhen/Guangzhou/Shanghai/	LAX	≥100kgs	6.75-8.50	≥300kgs	5.60-6.70	≥500kgs	5.70-6.90
	JFK	≥100kgs	6.50-7.60	≥300kgs	6.40-7.60	≥500kgs	6.10-7.20
	ORO	≥100kgs	6.85-7.80	≥300kgs	6.55-7.69	≥500kgs	6.35-7.40
	DFW	≥100kgs	6.90-7.60	≥300kgs	6.60-7.50	≥500kgs	6.30-7.20

c) Express Courier Cost

In express shipping, courier companies pick up your parcel from your house, or you have to deliver it

to their nearby office, and they will deliver the parcel all the way to the receiver house within 1-week all over the world.

Express couriers have the most expensive service among all kinds of shipment methods, Check below the Express freight dated 24-March-2024 from China to the USA for your information

Express freight per KG from China to USA Door to Door:

Carrier	Weight	Price (USD)	Weight	Price (USD)	Weight	Price (USD)
FedEx	≥21kgs	8.2-9.3	≥69kgs	7.7-8.4	≥100kgs	6.7-7.6
UPS	≥21kgs	8.4-9.5	≥69kgs	7.7-8.8	≥100kgs	7.4-8.2
DHL	≥21kgs	8.9-9.6	≥69kgs	8.0-8.9	≥100kgs	7.8-8.5

2.What is the Cheapest Shipping from China to USA?

The cheapest shipping option from China to the USA depends on the shipment charge weight. For shipments below 100 kg, the Express option is typically the most affordable, with an estimated cost of around US\$8 per kilogram for door-to-door delivery. For shipment charge weights between 100-300 kg, standard air freight is the most economical choice, costing around US\$6 per kilogram. Sea freight is the most cost-effective option for total weights and volumes above 300 kg and 2 CBM, estimated at around US\$50 per cubic meter. In summary, it's best to work with a reliable freight forwarder like SWWLS air-shipment to handle your shipment, as they are familiar with all the shipping options, regulations, and shipping routes from China to the USA and can secure better shipping discounts.
