Why ship with SWWLS Freight?

When you book with us, you're getting access to some of the best rates in China. You can save significantly on your shipping costs because we negotiate prices based on the volumes from all of our customers nationally - and we pass these savings advantages on to you.

How much does express shipping cost from China?

Express courier Shipping costs from China to international are mostly dependent on the shipping countries, service, shipping time, weight, and size of your package. For example, shipping a package of around 30 kg from China to Australia may cost about US\$7.5/KG by FedEx. Larger packages will generally cost more, but SWWLS Freight has many options for shipping from China depending on your budget and delivery time request.

How long does express shipping from China take?

Express delivery is a top priority shipping, the delivery times for parcels sent from China to abroad vary from about 2 to 7 days door to door depending on the destination.

How to track express shipping from China?

Track your shipments from the official website via UPS, FedEx, DHL, and USPS —easy, fast, and accurate. Simply enter the shipment tracking number to receive up-to-date status and delivery confirmation for your valuable and time-sensitive letters and packages.

[Express Shipping from Us](#) – 5 Easy Steps

We make express shipping easy for you. Whether you are a new or a returning customer, these key steps to shipping help get your shipments moving to their destination.

- Tell us what you want to ship, where it's going when you need it to be there, and get a quote.
- Before you send your shipment, you will more than likely need to know what the cost will be. To calculate the cost, we need to know the exact destination as well as the size and weight of your shipment.
- You'll be provided with service options to suit your package size and time needs. You can also read more about our wide range of reliable document and parcel delivery options.
- We will arrange the express courier shipping after getting in contact with your supplier, and it is essential that the shipment and any relevant paperwork are ready when the shipment is ready for delivery.
- Once your shipment has been collected, you can track its status 24 hours a day online.

Conclusion:

Express Shipping from China to international countries can be complicated—every country has a different set of rules and regulations on shipments coming from around the world. Understanding these rules and regulations is key to seamless and error-free shipments.

Shipping goods by international express service is one of the quickest and most efficient methods to send parcels overseas.

It's also flexible, reliable, and secure, allowing you to track the movements of your cargo every step of the way.

Choose SWWLS to pick up and deliver your urgent parcels to your destination and you'll save up to 70% on the booking costs for some of the world's top carriers, including FedEx,

UPS, TNT, and DHL.
